3 RISK FACTORS

THE VALUE OF INVESTMENTS CAN GO UP OR DOWN AND PAST PERFORMANCE IS NOT NECESSARILY INDICATIVE OF FUTURE PERFORMANCE.

AN INVESTMENT IN THE SECURED BONDS INVOLVES CERTAIN RISKS INCLUDING THOSE DESCRIBED BELOW. PROSPECTIVE INVESTORS SHOULD CAREFULLY CONSIDER, WITH THEIR OWN FINANCIAL AND OTHER PROFESSIONAL ADVISORS, THE FOLLOWING RISK FACTORS AND OTHER INVESTMENT CONSIDERATIONS AS WELL AS ALL OTHER INFORMATION CONTAINED IN THE PROSPECTUS BEFORE DECIDING TO MAKE AN INVESTMENT IN THE SECURED BONDS. THE RISK FACTOR FIRST APPEARING UNDER EACH CATEGORY CONSTITUTES THAT RISK FACTOR THAT THE DIRECTORS HAVE ASSESSED TO BE, AT THE DATE OF THIS SECURITIES NOTE, THE MOST MATERIAL RISK FACTOR UNDER SUCH CATEGORY. IN MAKING THIS ASSESSMENT OF MATERIALITY, THE DIRECTORS HAVE EVALUATED THE COMBINATION OF: (I) THE PROBABILITY THAT A RISK FACTOR OCCURS; AND (II) THE EXPECTED MAGNITUDE OF THE ADVERSE EFFECT ON THE FINANCIAL CONDITION AND PERFORMANCE OF THE ISSUER AND ITS SECURITIES IF SUCH RISK FACTOR WERE TO MATERIALISE.

NEITHER THIS SECURITIES NOTE, NOR ANY OTHER PARTS OF THE PROSPECTUS OR ANY OTHER INFORMATION SUPPLIED IN CONNECTION WITH THE SECURED BONDS: (I) IS INTENDED TO PROVIDE THE BASIS OF ANY CREDIT OR OTHER EVALUATION; OR (II) SHOULD BE CONSIDERED AS A RECOMMENDATION BY THE ISSUER OR THE SPONSOR OR ANY OF THE AUTHORISED FINANCIAL INTERMEDIARIES THAT ANY RECIPIENT OF THIS SECURITIES NOTE OR ANY OTHER PART OF THE PROSPECTUS OR ANY OTHER INFORMATION SUPPLIED IN CONNECTION WITH THE PROSPECTUS OR ANY SECURED BONDS, SHOULD PURCHASE ANY SECURED BONDS. ACCORDINGLY, PROSPECTIVE INVESTORS SHOULD MAKE THEIR OWN EVALUATION OF ALL RISK FACTORS AND SHOULD CONSIDER ALL OTHER SECTIONS IN THIS DOCUMENT.

FORWARD LOOKING STATEMENTS

This Securities Note contains statements that are, or may be deemed to be, "forward-looking statements". These forward-looking statements can be identified by the use of forward-looking terminology, such as the terms "believes", "estimates", "anticipates", "expects", "intends", "may", "will" or "should" or, in each case, their negative or other variations or comparable terminology. Forward-looking statements relate to matters that are not historical facts. They appear in a number of places throughout the Prospectus, and documents incorporated therein by reference,

and include statements regarding the intentions, beliefs, or current expectations of the Issuer and, or the Directors concerning, amongst other things, the Issuer's and, or the Group's strategy and business plans, capital requirements, results of operations, financial condition, liquidity, prospects, the markets in which it operates and general market conditions. By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. Forward-looking statements are not guarantees of future performance and should therefore not be construed as such. The Issuer's and, or the Group's actual results of operations, financial condition, liquidity, and the development of its business may differ materially from the impression created by the forward-looking statements contained in the Prospectus. In addition, even if the results of operations, financial condition, and, or liquidity of the Issuer and, or the Group are consistent with the forward-looking statements contained in the Prospectus, those results, or developments may not be indicative of results or developments in subsequent periods.

Potential investors are advised to read the Prospectus in its entirety and, in particular, all the risks set out in this section and in the section entitled "Risk Factors" in the Registration Document, for a review of the factors that could affect the Issuer's performance. In light of these risks, uncertainties and assumptions, the events described in the forward-looking statements in this document may not occur.

All forward-looking statements contained in this document are made only as at the date hereof. Subject to applicable legal and regulatory obligations, the Issuer and the Directors expressly disclaim any obligations to update or revise any forward-looking statement contained herein to reflect any change in expectations with regard thereto or any change in events, conditions, or circumstances on which any such statement is based.

3.1 RISKS RELATING TO THE SECURED BONDS

3.1.1 Complex financial instrument and suitability assessment

Debt instruments which may be redeemed by an issuer prior to their maturity date are considered as having an embedded call option, with the price of the bonds taking these components into account. The Secured Bonds may be redeemed at the option of the Issuer on an Early Redemption Date. In view of this early redemption component, the Secured Bonds are complex financial instruments for the purposes of MIFID II. Investors must consult with an investment advisor before investing in the Secured Bonds. In particular, investors should consult with an investment advisor with a view to ascertaining that the respective investor: (a) has sufficient knowledge and experience to make a meaningful evaluation of the Secured Bonds, the merits and risks of investing in the Secured Bonds and the information contained or incorporated by reference in the Prospectus or any applicable supplement; (b) has sufficient financial resources and liquidity to bear all the risks of an investment in the Secured Bonds, including where the currency for principal or interest payments is different from the prospective investor's currency and that the Secured Bonds meet the investment objectives of the respective investor; (c) understands thoroughly the terms of the Secured Bonds; and (d) is able to evaluate (either alone or with the help of a financial advisor) possible scenarios for economic, interest rate and other factors that may affect his/her investment and his/her ability to bear the applicable risks. An informed investment decision can only be made by investors after they have read and fully understood the risk factors associated with an investment in the Secured Bonds, and the inherent risks associated with the Group's business.

3.1.2 The Secured Bonds are redeemable at the option of the Issuer

Any or all of the Secured Bonds may be redeemed by the Issuer on an Early Redemption Date. Once the Secured Bonds are redeemed, the relevant Bondholders shall no longer be entitled to any interest or other rights in relation to the redeemed Secured Bonds. If the Secured Bonds are redeemed on an Early Redemption Date, a Bondholder would not receive the same return on investment that he/she would have received if the Secured Bonds were redeemed on 26 July 2034. In addition, Bondholders may not be able to re-invest the proceeds from an early redemption at yields that would have been received had they not been redeemed. This optional redemption feature may also have a negative impact on the market value of the Secured Bonds.

3.1.3 No prior market for the Secured Bonds

Prior to the Bond Issue there has been no public market for the Secured Bonds within or outside Malta. Due to the absence of any prior market for the Secured Bonds, there can be no assurance that the Bond Issue Price will correspond to the price at which the Secured Bonds will trade in the market subsequent to the Bond Issue. The market price of the Secured Bonds could be subject to significant fluctuations in response to numerous factors, including the occurrence of any of the risk factors identified in section 2 of the Registration Document.

3.1.4 Orderly and liquid secondary market

The existence of an orderly and liquid market for the Secured Bonds depends on a number of factors, including but not limited to the presence of willing buyers and sellers of the Secured Bonds at any given time and the general economic conditions in the market in which the Secured Bonds are traded. Such factors are dependent upon the individual decisions of investors and the general economic conditions of the market, over which the Issuer has no control. Accordingly, there can be no assurance that an active secondary market for the Secured Bonds will develop, or, if it develops, that it will continue. Moreover, there can be no assurance that Bondholders will be able to sell the Secured Bonds at, or above, the Bond Issue Price or at all.

3.1.5 Future public offers

No prediction can be made on the effect which any future public offerings or listings of the Issuer's securities (including but not limited to the effects arising out of a change in the cash flow requirements of the Issuer or other commitments of the Issuer *vis-à-vis* the new security holders), or any takeover or merger activity involving the Issuer (including but not limited to a delisting, in full or in part, of the Secured Bonds), will have on the market price of the Secured Bonds prevailing from time to time.

3.1.6 Currency of reference

A Bondholder shall bear the risk of any adverse fluctuations in exchange rates between the currency of denomination of the Secured Bonds (this being the Euro "€") and the Bondholder's currency of reference, if different. Such adverse fluctuations may impair the return of investment of the Bondholder in real terms after considering the relevant exchange rate.

3.1.7 Changes in law

The terms of the Secured Bonds are based on Maltese law in effect as at the date of the Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in Maltese law or administrative practice after the date of the Prospectus.

3.1.8 Subsequent changes in interest rates and the potential impact of inflation

The Secured Bonds are fixed-rate debt securities. Investment in the Secured Bonds involves the risk that subsequent changes in market interest rates may adversely affect the market value of the Secured Bonds. Investors should be aware that because of the way yield is typically calculated by market participants, the price of fixed income securities tends to move in a way that is inversely proportional to changes in interest rates. Accordingly, when prevailing market interest rates are rising, the prices that market participants will generally be willing to pay for the Secured Bonds can be expected to decline. Conversely, if market interest rates are declining, secondary market prices for the Secured Bonds will tend to rise.

The coupon payable on the Secured Bonds is a nominal interest rate. The real interest rate is computed by subtracting inflation from the nominal interest rate, the result of which indicates the real return on the Secured Bond coupon. In a period of high inflation, an investor's real return on the Secured Bonds will be lower than the Secured Bonds' nominal interest rate and thus undermine an investor's expected return. Furthermore, an increase in inflation may result in a decrease in the traded price of the Secured Bonds on the secondary market.

3.1.9 Discontinuation of Listing

Even after the Secured Bonds are admitted to trading on the MSE, the Issuer is required to remain in compliance with certain requirements relating to, *inter alia*, the free transferability, clearance, and settlement of the Secured Bonds, in order to remain a listed company in good standing. Moreover, the MFSA has the authority to suspend trading or listing of the Secured Bonds if, *inter alia*, it comes to believe that such a suspension is required for the protection of investors or the integrity or reputation of the market. The MFSA may also discontinue the listing of the Secured Bonds on the MSE. Any such trading suspensions or listing revocations or discontinuations described above could have a material adverse effect on the liquidity and value of the Secured Bonds.

3.1.10 Amendments to the Terms and Conditions

The Terms and Conditions contain provisions for calling meetings of Bondholders to consider matters affecting their interests generally. In the event that the Issuer wishes to amend any of the Terms and Conditions it may call a Bondholders' Meeting in accordance with the provisions of section 6.15 of this Securities Note. These provisions permit defined majorities to bind all Bondholders including Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.

3.2 RISKS RELATING TO THE COLLATERAL

3.2.1 Risks relating to the Ranking of the Collateral

The Secured Bonds shall be secured by the Collateral.

The Issuer shall secure its obligations under the Bond Issue by virtue of a second-ranking general hypothec over all its assets, present and future. In terms of Maltese law, hypothecary debts are paid according to the order of registration in the Public Registry. A first ranking general hypothec over the Issuer's assets, present and future, was constituted in favour of the security trustee of the 2014 Bonds. Accordingly, should the Issuer default under its obligations of the Bond Issue, the holders of the 2014 Bonds shall be paid out of the assets of the Issuer in priority to the Bondholders.

In addition to the aforesaid, the hypothecs forming part of the Collateral shall rank after the claims of privileged creditors should a note of inscription of a special privilege be registered with the Public Registry securing the privileged creditor's claim. A pledge confers upon the creditor the right to obtain payment out of the thing pledged with privilege over other creditors. Notwithstanding that the Security Trustee is a privileged creditor in respect of the payment out of the assets of the Pledge of Insurances, privileged creditors are afforded a ranking at law. Accordingly, the Security Trustee will rank after the claims of privileged creditors which rank higher than its privileged claim to the assets secured by the Pledge of Insurances.

Privileged creditors include, but are not limited to, architects, contractors, masons, and other workmen, over an immovable constructed, reconstructed or repair for the debts due to them in respect of the expenses and the price of their work

The ranking of collateral has a bearing on the success of a creditor to get paid should the Issuer not have sufficient assets to pay all its creditors. The Security Trustee will be paid out of the assets of the Issuer after privileged creditors and those creditors which are given priority over the relevant Collateral by law. Accordingly, in the case of a competition of creditors, Bondholders may not recover their investment in the Secured Bonds, whether in full or in part.

3.2.2 Enforcement of Collateral

There can be no assurance that the Collateral will be sufficient to cover the Issuer's payment obligations under the Secured Bonds in the case of an Event of Default. The amount which may be recovered under the general hypothec constituted over the assets of the Issuer depends on the nature and value of the assets forming part of the patrimony of Issuer at the point in time that the Security Trustee enforces the general hypothec.

The Issuer shall constitute a first-ranking special hypothec over the Hypothecated Property. As at 18 June 2024, the Hypothecated Property has been valued by independent experts as having a collective value of €24.5 million. There is no guarantee that the Bondholders will recover the value of the Hypothecated Property afforded to it by independent experts in the Valuation Report. This may be caused by a number of factors including, but not limited to, general economic factors that could have an adverse impact on the value of the Hypothecated Property. If such circumstances were to arise or subsist at the time that the special hypothec is enforced by the Security Trustee, it could have a material adverse effect on the value of the Hypothecated Property and the recoverability of the collective value afforded to it in the Valuation Report.

In addition to the aforesaid, the valuation of the Hypothecated Property so prepared by independent qualified architects contains certain assumptions, which ultimately may cause the actual values to be materially different from any future values that may be expressed or implied by such forward-looking statements or anticipated on the basis of historical trends as reality may not match the assumptions. There can be no assurance that the property valuation and property-related assets will reflect actual market values at the time of enforcement of the Collateral over the Hypothecated Property.

Accordingly, the Secured Bonds may only be suitable for investors who have the knowledge and experience to understand the risk related to this type of financial instrument. Potential investors should consult an investment advisor before investing in the Secured Bonds.

6.4 RANKING OF THE SECURED BONDS AND THE COLLATERAL

6.4.1 Status of the Secured Bonds

The Secured Bonds, as and when issued and allotted, shall constitute the general, direct, unconditional, and secured obligations of the Issuer. The Secured Bonds shall at all times rank *pari passu* without any priority or preference among themselves.

6.4.2 Security Trustee

The Issuer has entered into the Trust Deed with the Security Trustee which consists of the covenants of the Issuer to pay the principal amount under the Secured Bonds on the Redemption Date and interest thereon. The Trust Deed also regulates the constitution of the Collateral in favour of the Security Trustee.

6.4.3 The Collateral

6.4.3.1 The Hal Mann Lija Property

The Hal Mann Lija Property is split into various sections as detailed in the below diagram:

Lija Showroom	Site A	Site B	Site D	E-Pantar Property	Navi Building
		(Including the Lija Factory and the ODA Lija Site)			

Site A and Site B within the Hal Mann Lija Property (the areas shaded in green in the above diagram), and the Imgarr Land, shall constitute the Hypothecated Property.

6.4.3.2 The 2024 Security Package

The Collateral shall be constituted in favour of the Security Trustee for the benefit of all Bondholders registered from time to time in the register of Bondholders held at the CSD, as security for the payment of principal and interest under the Secured Bonds.

The Collateral shall comprise the following security interests:

- a first-ranking special hypothec granted by the Issuer for the full nominal value of the Secured Bonds and interest (a) thereon over the Hypothecated Property (and any developments and constructions thereon);
- a second-ranking general hypothec for the full nominal value of the Secured Bonds and interest thereon over all (b) the present and future property of the Issuer; and
- (c) the Pledge of Insurances.

6.4.3.3 The 2014 Security Package

For the purposes of securing the 2014 Bonds, the Issuer and Sudvel (in its capacity as guarantor) had constituted certain security interests in favour of the security trustee of the 2014 Bonds (collectively, the "2014 Security Package"). The security interests constituted by the Issuer consisted of the following:

- a first-ranking general hypothec over all its assets, present and future, for the amount of €30,000,000, interest (a) thereon and any other amounts due under the 2014 Bonds (the "2014 Issuer GH"); and
- a first-ranking special hypothec over the Hal Mann Lija Property (the entire property set out in the diagram (b) provided in section 6.4.3.1. of this Securities Note) for the amount of €30,000,000, interest thereon and any other amounts due under the 2014 Bonds (the "2014 Issuer SH").

Pursuant to the Exchangeable Bond Transfer, Existing Bondholders may elect to transfer the amount of Exchangeable Bonds held by them as at the Cut-Off Date, in exchange for an equivalent amount of Secured Bonds, as further detailed in section 8.3 of this Securities Note. €23,000,000 in nominal value of Exchangeable Bonds may be exchanged for Secured Bonds. The remaining €7,000,000 or more, in nominal value of 2014 Bonds, which are not exchanged for Secured Bonds by the end of the Exchangeable Bond Transfer Period (the "Residual 2014 Bonds"), shall remain listed on the Official List until redemption on 6 November 2024.

Upon listing of the Secured Bonds on the Official List, the Exchangeable Bonds surrendered to the Issuer in exchange for Secured Bonds shall be cancelled. As a result, the debt due by the Issuer in respect of the 2014 Bonds shall be reduced to reflect the value of the Residual 2014 Bonds.

Aside from the reduced exposure under the 2014 Bonds following the Exchangeable Bond Transfer as aforesaid, it is pertinent to note that the value of the immovable property (Hal Mann Lija Property) secured by the 2014 Issuer SH has increased significantly. Part of the Hal Mann Lija Property consists of the E-Pantar Property (the area shaded in yellow in the diagram provided in section 6.4.3.1. of this Securities Note) which is reported in the audited financial statements of the Issuer for the financial year ended 31 December 2023 as having a fair value of €24,460,000.

With a view to reducing the security provided by the Issuer pursuant to the 2014 Security Package to reflect the aforesaid reduced debt due by the Issuer with respect to the 2014 Bonds, and in order to take into account the increase in value of the E-Pantar Property, in advance of the present issue of Secured Bonds, the Issuer and the security trustee of the 2014 Bonds have agreed to reduce the value of the 2014 Issuer GH and the 2014 Issuer SH to the value of the Residual 2014 Bonds. Accordingly, simultaneously with the constitution of the Collateral, which is expected to take place within approximately 21 Business Days following listing of the Secured Bonds, the 2014 Issuer SH, and the 2014 Issuer GH shall be reduced to reflect the total nominal value of Residual 2014 Bonds. For this purpose:

the 2014 Issuer GH shall be reduced by way of a note of reduction registered in the Public Registry, to reflect the (a) value of the Residual 2014 Bonds; and

(b) the 2014 Issuer SH shall be reduced by way of a note of reduction registered in the Public Registry to: (i) reflect the value of the Residual 2014 Bonds; and (ii) release and waive all hypothecary rights of the security trustee of the 2014 Bonds over the Hal Mann Lija Property, save with respect to the E-Pantar Property. As a result, following said reduction, the portion of the Hal Mann Lija Property which shall remain secured by the 2014 Issuer SH as security for the 2014 Bonds until redemption shall be limited to the E-Pantar Property.

On the redemption of the 2014 Bonds on 6 November 2024, all hypothecary rights constituted in favour of the security trustee of the 2014 Bonds by virtue of the 2014 Issuer SH shall be cancelled, resulting in the E-Pantar Property becoming free and unencumbered.

It is expected that within approximately 21 Business Days following listing of the Secured Bonds, the Collateral shall be constituted in favour of the Security Trustee. The Issuer shall appear on a public deed with the Security Trustee to grant and constitute in favour of the Security Trustee the Collateral over its respective assets, as further described in section 6.4.4. below. Simultaneously, the Issuer and the Security Trustee shall enter into the Pledge of Insurances Agreement for the purposes of constituting the Pledge of Insurances.

The Collateral shall be vested in the Security Trustee for the benefit of the Bondholders in proportion to their respective holding of Secured Bonds.

6.4.4 Ranking of Collateral

6.4.4.1 Second-ranking general hypothec granted by the Issuer

As explained in section 6.4.3. above, the Issuer shall secure its obligations under the Bond Issue by virtue of, *inter alia*, a second-ranking general hypothec for the full nominal value of the Secured Bonds and interest thereon over all its assets, present and future. A first-ranking general hypothec over the Issuer's assets, present and future, was constituted in favour of the security trustee of the 2014 Bonds. Accordingly, should the Issuer default under its obligations of the Secured Bonds, the holders of the 2014 Bonds shall be paid out of the assets of the Issuer in priority to the Bondholders.

In terms of Maltese law, hypothecary debts are paid according to the order of registration in the Public Registry. Privileged debts rank with priority over hypothecary debts and accordingly, privileged creditors shall be paid before those creditors in whose favour a hypothec has been registered.

Until such time as the 2014 Issuer GH is cancelled, the 2014 Issuer GH (as reduced in terms of section 6.4.3.3. above) will rank ahead of the general hypothec granted by the Issuer in favour of the Security Trustee, as security for the Issuer's obligations under the Secured Bonds which are the subject of the Prospectus. On the redemption of the 2014 Bonds on 6 November 2024, all hypothecary rights constituted in favour of the security trustee of the 2014 Bonds (including the 2014 Issuer GH and the 2014 Issuer SH) shall be cancelled in their entirety, at which point the 2014 Issuer GH (as reduced) shall be cancelled, resulting in the general hypothec granted by the Issuer in favour of the Security Trustee as security for the Issuer's obligations under the Secured Bonds, becoming first-ranking.

6.4.4.2 First-ranking special hypothec granted by the Issuer over the Hypothecated Property

The Issuer shall constitute a first-ranking special hypothec over the Hypothecated Property (and any developments and constructions thereon) for the full nominal value of the Secured Bonds and interest thereon. Should the Security Trustee declare that an Event of Default has occurred which is continuing, the Security Trustee (for the benefit of Bondholders) shall, by virtue of the special hypothec, be paid out of the funds received on the sale of the Hypothecated Property.

The special hypothec shall be registered as first-ranking special hypothec in the Public Registry. This means that the said hypothec will rank in priority to other creditors, except for privileged creditors. Whilst as at the date of the Prospectus, the Issuer has no specific plans to carry out any development and, or construction works on the Hypothecated Property, there is the possibility that throughout the term of the Secured Bonds, part of the Hypothecated Property is subject to construction and, or development works. As a result of such works, situations may arise whereby certain contractors or suppliers may become entitled by law to register a special privilege over the part of the relative part of the Hypothecated Property, thereby obtaining a priority in ranking over the Security Trustee *vis-à-vis* that part of the Hypothecated Property. In accordance with the terms of the Trust Deed, the Issuer undertook to ensure that any contractors engaged for the development of any part of the Hypothecated Property, shall waive their right to register a special privilege over the relative site to secure amounts due to them for works carried out.

6.4.5 The Pledge of Insurances

In terms of the Trust Deed, the Issuer shall enter into the Pledge of Insurances Agreement for the purposes of constituting the Pledge of Insurances. A pledge creates a right of preference in favour of the collateral holder to be paid out of the asset so secured in priority to other creditors.

6.5 RIGHTS ATTACHING TO THE SECURED BONDS

This Securities Note in its entirety contains the terms and conditions of the issue of the Secured Bonds and creates the contract between the Issuer and a Bondholder. Any and all references to the terms and conditions of the Secured Bonds shall be construed as a reference to all and each section of this Securities Note. A Bondholder shall have such rights as are, pursuant to this Securities Note, attached to the Secured Bonds, including:

- the right to attend, participate in and vote at meetings of Bondholders in accordance with the terms of this (iv) Securities Note: and
- all such other rights attached to the Secured Bonds emanating from the Prospectus. (v)

The first interest payment shall be effected on 26 July 2025 (covering the period commencing 26 July 2024 to 25 July 2025). Any Interest Payment Date which falls on a day other than a Business Day shall be carried over to the next following day that is a Business Day.

When interest is required to be calculated for any period of less than a full year, it shall be calculated on the basis of a 360day year consisting of 12 months of 30 days each, and in the case of an incomplete month, the number of days elapsed.

THE LIMITS OF THE VALIDITY OF CLAIMS 6.7

In terms of article 2156 of the Civil Code, the right of Bondholders to bring claims for payment of interest and repayment of the principal on the Secured Bonds is barred by the lapse of five years.

YIELD 6.8

The gross yield calculated on the basis of the interest, the Bond Issue Price and the Redemption Value of the Secured Bonds is 5.35% per annum. The gross yield to call as at the earliest possible Redemption Date is 5.35% per annum.

6.9 REGISTRATION, FORM, DENOMINATION AND TITLE

- (xi) the Issuer substantially changes the object or nature of business as currently carried on;
- (xii) the Issuer commits a breach of any of the covenants or provisions contained in the Trust Deed to be observed and performed by the Issuer, and the said breach still subsists for 30 days after having been notified by the Security Trustee (other than any covenant for the payment of interest or principal monies owing in respect of the Secured Bonds);
- (xiii) the security constituted by any hypothec, pledge, or charge upon the whole or any part of the undertakings or assets of the Issuer shall become enforceable, and steps are taken to enforce same and the taking of such steps shall be certified in writing by the Security Trustee to be in its opinion prejudicial to the Bondholders;
- (xiv) any representation or warranty made or deemed to be made or repeated by, or in respect of, the Issuer is or proves to have been incorrect in any material respect in the sole opinion of the Security Trustee;

- any material indebtedness of the Issuer is not paid when properly due or becomes properly due and payable or (xv) any creditor of the Issuer becomes entitled to declare any such material indebtedness properly due and payable prior to the date when it would otherwise have become properly due or any guarantee or indemnity of the Issuer in respect of indebtedness is not honoured when properly due and called upon; PROVIDED THAT for the purposes of this provision, material indebtedness shall mean an amount exceeding one million Euro (€1,000,000);
- it becomes unlawful at any time for the Issuer to perform all or any of its obligations under the Prospectus or under the Trust Deed; and
- in the sole opinion of the Security Trustee, a material part of the undertakings, assets, rights, revenues, shares (xvii) or other ownership interests in the Issuer are seized, nationalised, expropriated or compulsorily acquired by, or under the authority of, any government.

Upon any such declaration being made as aforesaid the said principal monies and interest accrued under the Secured Bonds shall be deemed to have become immediately payable at the time of the Event of Default, which shall have happened as aforesaid.

Provided that in the event of any breach by the Issuer of any of the covenants, obligations or provisions herein contained due to any fortuitous event of a calamitous nature beyond the control of the Issuer, then the Security Trustee may, but shall be under no obligation so to do, give the Issuer such period of time to remedy the breach as in its sole opinion may be justified in the circumstances and if in its sole opinion the breach is remediable within the short term and without any adverse impact on the Bondholders. Provided further that in the circumstances contemplated by this proviso, the Security Trustee shall at all times act on, and in accordance with, any directions it may receive in a meeting of Bondholders satisfying the conditions set out in the Trust Deed. The Security Trustee shall not be bound to take any steps to ascertain whether any Event of Default or other condition, event or circumstance has occurred or may occur, and until it shall have actual knowledge or express notice to the contrary, the Security Trustee shall be entitled to assume that no such Event of Default or condition, event or other circumstance has happened and that the Issuer is observing and performing all its obligations, in terms of the conditions of Trust Deed and the Secured Bonds.

TRANSFERABILITY OF THE SECURED BONDS 6.13

The Secured Bonds are freely transferable and once admitted to the Official List, shall be transferable only in whole i.e., in multiples of €100 in accordance with the rules and regulations of the MSE applicable from time to time.

Any person becoming entitled to a Secured Bond in consequence of the death or bankruptcy of a Bondholder may, upon such evidence being produced as may from time to time properly be required by the Issuer or the CSD, elect either to be registered himself as holder of the Secured Bond or to have some person nominated by him registered as the transferee thereof. If the person so becoming entitled shall elect to be registered himself, he shall deliver or send to the CSD a notice in writing signed by him stating that he so elects. If he shall elect to have another person registered, he shall testify his election by transferring the Secured Bond, or procuring the transfer of the Secured Bond, in favour of that person.

All transfers and transmissions are subject in all cases to any pledge (as duly constituted) of the Secured Bonds and to any applicable laws and regulations.

The Issuer may, from time to time, without the consent of the Bondholders, create and issue further debentures, debenture stock, bonds, loan notes, or any other debt securities, either having the same terms as any outstanding debt securities of any series (including the Secured Bonds) and so that such further issue shall be consolidated and form a single series with the outstanding debt securities of the relevant series (including the Secured Bonds), or upon such terms as the Issuer may determine at the time of their issue, provided that no issue may be made that would rank senior to the Secured Bonds in respect of the Collateral.

7 **TAXATION**

7.1 **GENERAL**

Investors and prospective investors are urged to seek professional advice as regards both Maltese and any foreign tax legislation which may be applicable to them in respect of the Secured Bonds, including their acquisition, holding and transfer as well as on any income derived therefrom or on any gains derived on the transfer of such Secured Bonds. The following is a summary of the anticipated tax treatment applicable to Bondholders in so far as taxation in Malta is concerned. This information does not constitute legal or tax advice and does not purport to be exhaustive.

The information below is based on an interpretation of tax law and practice relative to the applicable legislation, as known to the Issuer at the date of the Prospectus, in respect of a subject on which no official guidelines exist. Investors are reminded that tax law and practice and their interpretation as well as the levels of tax on the subject matter referred to in the preceding paragraph, may change from time to time.

This information is being given solely for the general information of investors. The precise implications for investors will depend, among other things, on their particular circumstances and on the classification of the Secured Bonds from a Maltese tax perspective, and professional advice in this respect should be sought accordingly.

7.2 MALTA TAX ON ACQUISITION OF SECURED BONDS

The acquisition of Secured Bonds of the Issuer does not trigger any Maltese income tax or duty liability for the Bondholders.

7.3 MALTESE INCOME TAX ON INTEREST ARISING FROM THE HOLDING OF THE SECURED BONDS

Since interest is payable in respect of a bond which is the subject of a public issue and such interest should constitute "investment income" in terms of article 41(a)(iv)(1) of the Income Tax Act, unless the Bondholder elects, by means of an instruction in writing sent to the Issuer in terms of article 35 of the Income Tax Act, to receive the interest gross of any withholding tax, or if the Bondholder does not fall within the definition of "recipient" in terms of article 41(c) of the Income Tax Act, interest shall be paid to such Bondholder net of a final withholding tax, currently at the rate of fifteen percent (15%) (ten percent (10%) in the case of certain types of collective investment schemes) of the gross amount of the interest, pursuant to article 33 of the Income Tax Act. Bondholders who do not fall within the definition of a "recipient" do not qualify for the abovementioned "investment income" final withholding tax and should seek advice on the taxation of such income as special rules may apply.

Article 41(c) of the Income Tax Act defines the term "recipient" for the purposes of the provisions applicable to "investment income", and includes, inter alia, a person (or a receiver, guardian, tutor, curator, judicial sequestrator, trustee, foundation or other fiduciary acting on behalf of a person) who is resident in Malta during the year in which "investment income" is payable to him / her, and EU / EEA nationals (and their spouse where applicable) who are not resident in Malta for Maltese tax purposes but who apply the tax rates applicable to Maltese residents on the basis that the income that arises in Malta is at least 90% of their worldwide income.

The aforementioned withholding tax is considered a final tax and a Maltese resident individual Bondholder is not obliged to declare the interest so received in his/ her income tax return (to the extent that the interest is paid net of tax). No person (whether corporate or non-corporate) shall be charged to further tax in respect of such income. Furthermore, such tax should not be available as a credit against the recipient's tax liability or for a refund, as the case may be, for the relevant year of assessment in Malta. The Issuer is required to submit to the Maltese Commissioner for Revenue, the tax withheld by the fourteenth day following the end of the month in which the payment is made. The Issuer will also render an account to the Maltese Commissioner for Revenue of all payments of qualifying "investment income" as well as an account of the amounts so deducted, including the identity of the recipient.

In the case of a valid election in terms of article 35 of the Income Tax Act made by an eligible Bondholder resident in Malta to receive the interest due without the deduction of final tax, interest will be paid gross and such person will be obliged to declare the interest so received in his or her Maltese income tax return and be subject to tax on such interest at the standard rates applicable to such Bondholder at that time. Additionally, in this latter case the Issuer will advise the Maltese Commissioner for Revenue on an annual basis in respect of all interest paid gross and of the identity of all such recipients. Any such election made by a resident Bondholder at the time of subscription may be subsequently changed by giving notice in writing to the Issuer. Such election or revocation will be effective within the time limit set out in the Income Tax Act.

In terms of article 12(1)(c) of the Income Tax Act, Bondholders who are not resident in Malta satisfying the applicable conditions set out therein, including but not limited to the condition that the Bondholder is not owned and controlled by, whether directly or indirectly, nor acts on behalf of an individual/s who are ordinarily resident and domiciled in Malta, are not taxable in Malta on the interest received and will receive interest gross, subject to the requisite declaration/evidence being provided to the Issuer in terms of law.

7.4 EXCHANGE OF INFORMATION

In terms of the applicable Maltese legislation, the Issuer and/or its agent may be required to collect and forward certain information (including, but not limited to, information regarding payments made to certain Bondholders) to the Commissioner for Tax and Customs. The Commissioner for Tax and Customs will or may, in turn, automatically or on request, forward the information to other relevant tax authorities subject to certain conditions. Relevant legislation includes, but is not limited to:

- 1. the agreement between the Government of the United States of America and the Government of the Republic of Malta to Improve International Tax Compliance and to Implement FATCA incorporated into Maltese law through Legal Notice 78 of 2014 entitled the Exchange of Information (United States of America) (FATCA) Order (the "FATCA Legislation"). Under the FATCA Legislation, foreign financial institutions ("FFIs") in Malta (defined as such for the purposes of FATCA) are obliged to identify and report financial accounts held by Specified U.S. persons, as defined under the FATCA Legislation, and certain non-U.S. entities which are controlled by U.S. Controlling Persons, as defined under the FATCA Legislation, to the Maltese tax authorities. The Maltese Government and the Government of the U.S. shall annually exchange the information obtained pursuant to the FATCA Legislation on an automatic basis. Financial account information in respect of Bondholders could fall within the scope of FATCA and they may therefore be subject to reporting obligations; and
- 2. Council Directive 2014/107/EU of 9 December 2014 amending Directive 2011/16/EU on Administrative Cooperation in the field of Taxation which provides for the implementation of the regime known as the Common Reporting Standard ("CRS") incorporated into Maltese law through Legal Notice 384 of 2015 entitled the Cooperation with Other Jurisdiction on Tax Matters (Amendment) Regulations, 2015. The CRS has been proposed by the OECD as a new global standard for the automatic exchange of financial account information between tax authorities in participating jurisdictions. Malta based financial institutions ("FIs") (defined as such for the purposes of CRS) are obliged to identify and report to the Maltese tax authorities financial accounts held by a Reportable Person, as defined under the Maltese CRS legislation, and certain entities with one or more Controlling Persons, as defined under the Maltese CRS legislation, which is classified as a Reportable Person. Financial information relating to Bonds and the holders of the Bonds may fall within the purview of CRS and may be subject to reporting and information exchange provisions.

Investors are advised to seek professional advice in relation to the CRS and FATCA Legislation. Not complying with the legislation may give rise to certain fines or closure of financial accounts.

7.5 MALTESE INCOME TAX ON CAPITAL GAINS ARISING ON TRANSFER OF THE SECURED BONDS

On the basis that the Secured Bonds should not fall within the definition of "securities" in terms of article 5(1)(b) of the Income Tax Act, that is, "shares and stocks and such like instrument that participate in any way in the profits of the company and whose return is not limited to a fixed rate of return", and to the extent that the Secured Bonds are held as capital assets by the Bondholder, no income tax or capital gains should be chargeable in respect of a transfer of the Secured Bonds.

7.6 DUTY ON DOCUMENTS AND TRANSFERS ON TRANSFER OF THE SECURED BONDS

In terms of the Duty on Documents and Transfers Act (Cap. 364 of the laws of Malta), (the "**Duty on Documents and Transfers Act**"), duty of 2% on the consideration or the real value (whichever is higher) is chargeable, *inter alia*, on the transfer *inter vivos* or transmission *causa mortis* of a "marketable security". However, on the basis that the Secured Bonds should not fall within the definition of a "marketable security", defined in the Duty on Documents and Transfers Act as "a holding of share capital in any company and any document representing the same", the transfer / transmission of the Secured Bonds should not be chargeable to duty.

THE ABOVE INFORMATION IS BASED ON TAX LAW AND PRACTICE APPLICABLE AS AT THE DATE OF THE PROSPECTUS. INVESTORS AND PROSPECTIVE INVESTORS ARE URGED TO SEEK PROFESSIONAL ADVICE AS REGARDS BOTH MALTESE AND ANY FOREIGN TAX LEGISLATION APPLICABLE TO THE ACQUISITION, HOLDING AND DISPOSAL OF SECURED BONDS AS WELL AS INTEREST PAYMENTS MADE BY THE ISSUER. THE ABOVE IS A SUMMARY OF THE ANTICIPATED TAX TREATMENT APPLICABLE TO THE SECURED BONDS AND TO BONDHOLDERS. THIS INFORMATION, WHICH DOES NOT CONSTITUTE LEGAL OR TAX ADVICE, REFERS ONLY TO BONDHOLDERS WHO DO NOT DEAL IN SECURITIES IN THE COURSE OF THEIR NORMAL TRADING ACTIVITY AND DEPENDS, AMONG OTHER THINGS, ON THE PARTICULAR INDIVIDUAL CIRCUMSTANCES OF THE INVESTORS AND OF THE CLASSIFICATION OF THE SECURED BONDS FROM A MALTESE TAX PERSPECTIVE.

The Secured Bonds shall be made available for subscription as follows:

- (a) an amount of €23,000,000 in nominal value of Secured Bonds, shall be made available for subscription by Existing Bondholders applying for Secured Bonds by way of Exchangeable Bond Transfer up to the extent of their respective holding of Exchangeable Bonds;
- (b) the balance of the Secured Bonds not subscribed for by Existing Bondholders by means of the Exchangeable Bond Transfer, if any, shall be made available for subscription by Authorised Financial Intermediaries through the Intermediaries' Offer.

The allocation of the Secured Bonds is subject to the allocation policy of the Issuer set out in section 8.6 of this Securities Note.

Existing Bondholders applying for Secured Bonds are to submit the completed Application Form through any of the Authorised Financial Intermediaries and may elect to settle the amount due on the Secured Bonds applied for by completing an Application Form, indicating that the consideration for the Secured Bonds applied for shall be settled by way of transfer to the Issuer of all or part of the Exchangeable Bonds held as at the Cut-Off Date in an amount equivalent to the par value of the Secured Bonds applied for (this being, the Exchangeable Bond Transfer).

The transfer of Exchangeable Bonds to the Issuer in consideration for the subscribed Secured Bonds shall cause the obligations of the Issuer with respect to such Exchangeable Bonds to be extinguished, and shall give rise to obligations on the part of the Issuer under the Secured Bonds.

Subscriptions pursuant to the Intermediaries' Offer shall be made through Authorised Financial Intermediaries, subject to a minimum subscription amount of €2,000 in nominal value of Secured Bonds and in multiples of €100 thereafter.

8.4 INTERMEDIARIES' OFFER

In the event that following closing of the Exchangeable Bond Transfer Period there are Secured Bonds which remain unallocated, such Secured Bonds shall form part of an Intermediaries' Offer and shall be made available for subscription by Authorised Financial Intermediaries participating in an Intermediaries' Offer. In this regard, the Issuer shall enter into conditional subscription agreements with Authorised Financial Intermediaries for the subscription of the resultant balance of Secured Bonds, whereby it will bind itself to allocate Secured Bonds to an Authorised Financial Intermediary/ies up to any such amount as may not be taken up by Existing Bondholders pursuant to the Exchangeable Bond Transfer.

In terms of each subscription agreement entered into with an Authorised Financial Intermediary, the Issuer will be conditionally bound to issue, and each Authorised Financial Intermediary will be conditionally bound to subscribe for, up to the total amount of Secured Bonds as indicated therein, subject to the Secured Bonds being admitted to trading on the Official List. The subscription agreements, which will be subject to the Terms and Conditions, will become binding on each of the Issuer and the respective Authorised Financial Intermediaries upon delivery, provided that all subscription proceeds would have been paid to the Registrar in cleared funds on delivery of the subscription agreement.

In terms of the subscription agreements, Authorised Financial Intermediaries may subscribe for Secured Bonds either for their own account or for the account of underlying customers, including retail customers. The minimum amount which each Authorised Financial Intermediary may apply for in terms of the applicable subscription agreement is €2,000 and in multiples of €100 thereafter and such minimum and multiples shall also apply to each underlying Applicant.

Completed subscription agreements, together with evidence of payment, are to reach the Manager & Registrar by latest 12:00 hours on 26 July 2024. The Issuer, acting through the Manager & Registrar, shall communicate the amount allocated under each subscription agreement by 12:00 hours on 29 July 2024. Any unsatisfied amounts in terms of the subscription agreements shall be returned to the respective Authorised Financial Intermediary by direct credit to the account indicated in the respective subscription agreement by latest close of business on 29 July 2024. Authorised Financial Intermediaries shall be entitled to either: i) distribute to the underlying customers any portion of the Secured Bonds subscribed for upon commencement of trading; or ii) complete a data file representing the amount being allocated in terms of the respective subscription agreement as provided by the Manager & Registrar by latest 14:00 hours on 31 July 2024

- (b) in the event that, following the allocations made pursuant to paragraph (a) above, there shall remain unallocated Secured Bonds, such Secured Bonds shall be allocated to Authorised Financial Intermediaries subscribing for Secured Bonds through the Intermediaries' Offer and shall be allocated in accordance with the allocation policy as determined by the Issuer.

In the event that the aggregate value of Secured Bonds applied for by Existing Bondholders by way of Exchangeable Bond Transfer exceeds the aggregate amount of Secured Bonds available for subscription as aforesaid, then the Issuer, acting through the Manager & Registrar, shall scale down each Application Form in accordance with an allocation policy without priority or preference between them. In such event, the Intermediaries' Offer shall not take place.

The Issuer shall announce the result of the Bond Issue through a company announcement by not later than 2 August 2024.

1. KEY ACTIVITIES

Hal Mann Vella Group p.l.c. acts as a holding and financing company for a number of entities which are principally engaged in the manufacture and importation of stones and building materials, general contracting services, as well as property development and letting (as further described in Sections 1.1 and 1.2 below). Accordingly, HMVG is dependent on the operations and performance of its various subsidiaries.

The Group traces its origins in 1954 and grew extensively over the years to become one of the leading local players in its field. During this period, HMVG worked with some of the most renowned and established firms and was also heavily involved in public as well as private sector landmark projects including high-rise commercial and residential edifices, mixed-use complexes, industrial premises, upscale hotels, as well as buildings of national importance.

1.1 MANUFACTURING & GENERAL CONTRACTING SERVICES

The Group operates from two manufacturing plants located in Lija and Ħal Far, utilising state-of-theart technology and advanced equipment, and a purposely built stores, logistics, and distribution hub. Adjacent to its factory in Lija, HMVG has its flagship showroom and retail outlet situated next to the Group's head office and other property which is leased to independent third parties.

The activities carried out by the 'manufacturing and general contracting services' involve the Group's business in the supply of a vast selection of natural and composite stones as well as pre-cast elements¹, the distribution of top-tier ceramic brands and sanitary ware, the supply of kitchen tops, as well as the provision of services, tendering for contracts, and subcontracting work related to interior and exterior design, finishings, installation, laying, logistics, and maintenance.²

In Ħal Far, the Group is currently extending its manufacturing and operational capabilities with a view of strengthening its core operations by introducing to the market a new range of products in the natural stone and terrazzo segments, niche screed and concrete supplies, landscaping products, as well as an innovative range of environmentally friendly solutions including reconstituted stone (the "**Hal Far Extension**").³ The *circa* €7 million project is now expected to be completed in Q3 2024, with operations ramping up within a period of 18 months, resulting in an increase in the size of the Group's manufacturing hub in Ħal Far to nearly 22,500 sgm from just over 14,300 sgm at present.

1.2 PROPERTY DEVELOPMENT & LETTING

The Group is directly involved in real estate activities through the development of property for resale, and the ownership of a diversified portfolio of property held for the generation of rental income. The latter includes a mix of offices, hotels, restaurants, retail outlets, residential units, and storage space. Further information in this regard is provided in Section 4 – Principal Property Assets.

³In FY2015 and FY2021, the Group entered into long-term agreements with Indis Malta Ltd (previously Malta Industrial Parks Limited) for the lease on the basis of temporary emphyteusis the two adjacent sites and factories located in Hal Far.

¹These include ceramic tiles, granite, marble, onyx, porphyry, quartz, terrazzo, and travertine amongst others.

Built on a footprint measuring 5,256 sqm, the building includes: (i) circa 14,000 sqm of office space spread over three levels; (ii) common areas and external space which, in aggregate, measure approximately 5,000 sqm; and (iii) an underlying basement with around 250 car spaces. Most of the property is currently leased to Transport Malta for a 10-year period expiring on 30 September 2027, albeit the tenant has the option to extend the agreement by a further 5 years.

Built on a footprint of circa 1,200 sqm, the NAVI Building consists of a two-storey building and two underground levels of car spaces and storage area. The ground floor is used for warehousing whilst the first floor is utilised as office space. A new mezzanine floor within the ground floor level of the building was recently introduced to increase the available rental area and thus improve the value of the property. Works on this mezzanine floor were completed during 2024. Most of building is currently leased to a number of independent third parties for the long term, with the earliest terminating lease agreement expiring on 30 April 2029.

The Mavina Holiday Complex is subject to a Promise of Sale ("PoS") agreement with an independent third party which expires on 31 August 2024. The sale, amounting to €7 million, is subject to a number of conditions including the issuance of the relevant Planning Authority permits for the redevelopment of the property.

The Huli Aparthotel, including the Lovage Bistro, is currently leased to independent third parties. The lease agreement covering most of the building expires in mid-July 2028.

The Group's commercial properties located in Valletta comprise: (i) a leased retail outlet which is subleased for the long term (sub-lease agreement expiring on 30 April 2031) to an independent third party; and (ii) an office building situated in Old Bakery Street offering almost 700 sqm of lease space currently occupied by the Ministry for Heritage for a term expiring on 31 July 2031. In Valletta, the Group also subleases the Merchant Suites boutique hotel which, in turn, is leased from independent third parties by title of temporary emphyteusis for a period of 20 years from 2018.

OTHER PROPERTIES

HMVG owns a number of plots and tracts of land situated in various locations around Malta and Gozo. Of these, a site in Mgarr measuring circa 855 sqm may be developed into a residential complex comprising 27 units. The Group is also currently developing six terraced houses on a plot of land in Ghajnsielem, Gozo, of which two terraced houses shall be assigned to the vendors as part of the purchase consideration of the site. The other four residential units are expected to be finished by the end of FY2024 with sales to be accounted for in FY2025.

In addition, the Issuer is currently developing a residential building in Attard comprising one maisonette, three apartments, one penthouse, and two garages which are expected to be completed in Q1 2025. Elsewhere, a villa located in Madliena is soon expected to be disposed of as it subject to a PoS agreement which expires in June 2024. Meanwhile, in Santa Venera, the Group owns a plot of land and entered into a PoS agreement for the purchase of an adjacent site which expires in March 2025. Both sites are earmarked for a mixed-use development that will also include 44 residential units, and the entire project is scheduled to be completed by the end of 2027.

5. THE 2024 BONDS COLLATERAL

In terms of the Prospectus relating to the issuance of €23 million 5.35% secured bonds redeemable between 2031 and 2034 (the "2024 Bonds"), the Issuer will secure its obligations by virtue of:

- A first-ranking special hypothec for the full nominal value of the 2024 Bonds and interest thereon, over the following property and any developments and constructions thereon (in aggregate valued at €24.52 million):
 - Vacant plot of land situated in Mgarr located within development zone and having a total developable area of 855 sqm. Based on schematic designs, the site may be developed into three residential blocks accommodating four maisonettes, eighteen apartments, and five penthouses together with a number of car parking spaces and lock-up garages. The Group has not submitted an application with the Planning Authority for this site to be developed. The estimated value of the land in its existing state has been attributed at €2.55 million.
 - (b) A developed site with a footprint of circa 760 sqm located behind the main Hal Mann showroom in Lija which includes around 1,200 sqm of office space which is rented to independent third parties, and a basement and a ground-floor storage area which are used by the Group for its own operations. 6. **MARKET OVERVIEW**

ECONOMIC UPDATE⁵ 6.1

The Maltese economy continues to grow robustly driven by strong exports and domestic demand. Tourism flows bounced back to well above pre-pandemic levels and the strong inflow of workers is boosting domestic demand. After reaching 5.60% GDP growth in 2023, the Maltese economy is expected to achieve a growth rate of 4.60% in 2024 and 4.30% in 2025. The government deficit stood at 4.90% of GDP in 2023, and it is expected to only gradually decrease in 2024 and 2025. Thanks to robust nominal GDP growth, the public debt-to-GDP ratio is forecast to increase only slightly despite the still high primary deficit.

In 2023, real GDP growth reached 5.60%, 1.6 percentage points higher than projected in autumn. Both private consumption and exports came much stronger than expected, resulting from significantly higher immigration and tourism flows. Besides exceptionally strong immigration, Malta's economy continues to benefit from a low pass-through of monetary policy to retail interest rates and from government measures that have kept energy prices stable at 2020 levels.

Tourism reached pre-pandemic levels in 2023. The number of tourist arrivals increased by more than 26% in the first two months of 2024, although tourism expenditure grew at a slightly slower pace. Strong growth is also forecast in exports of electronics and entertainment, professional and financial services.

Construction investment is expected to stabilise and recover moderately after a sharp fall in 2023, growing at 2.50% in 2024 and 3.90% in 2025. The increase of private consumption and activity in the service sector is expected to lead to higher imports of goods and services. Overall, the forecast for GDP growth was revised upward to 4.60% in 2024 and 4.30% in 2025.

With employment growth at 6.50% in 2023, Malta's labour market exceeded expectations. Employment growth is set to remain strong at 40% also in 2024 and 2025 as the country continues to attract foreign workers. Labour and skills shortages are still mentioned as the main limiting factors for the Maltese economy.

The unemployment rate was revised upwards from 2.90% to 3.50% in 2022 due to an updated demographic survey. In 2023, the unemployment rate fell to 3.10% and it is expected to drop marginally to 3% and 2.90% in 2024 and 2025. Nominal wages were, however, still growing at relatively weak rates in 2023 as employment expanded in the low wage sectors, resulting in negative real wage growth per head.

HICP inflation in 2023 reached 5.60% despite the government intervention to keep energy prices at 2020 levels. The Maltese authorities confirmed their commitment to limiting energy inflation in 2024 and 2025. Inflation in Malta slowed down in the first quarter of 2024 mainly due to lower services inflation. Headline inflation is forecast at 2.80% in 2024 and 2.30% in 2025, with food prices set to remain the fastest growing component.

In 2023, the debt-to-GDP ratio fell by 1.2 percentage points to 50.40% due to strong nominal growth and despite the high primary deficit. A positive stock-flow adjustment related to the equity injection in the national airline is expected to drive the increase of the public debt to 52% of GDP in 2024. For 2025, a smaller primary deficit and a favourable interest growth differential will lead to a smaller increase of public debt to 52.60% of GDP.

6.2 PROPERTY MARKET⁶

Data provided by the Central Bank of Malta ("CBM") and the National Statistics Office ("NSO") shows that in 2023, the total number of permits for the construction of new dwellings increased by 24.78% to 1,586 permits (2022: 1,271 permits). However, the total number of approved new residential units declined by 15.49% year-on-year to 8,112 units, mostly comprising apartments which totalled 7,026 units (2022: 8,280 apartments) representing 86.61% of the total number of approved new units in 2023. The sharpest year-on-year percentage decline in the number of approved residential units was for the construction of new maisonettes (-21.76% to 712 units), followed by apartments (-15.14%), and terraced houses (-12.31% to 292 units). On the other hand, other type of dwellings including villas, bungalows, and farmhouses increased by 7.89% to 82 units.

The highest ever number of approved new residential units in a single year took place in 2018 as 2,363 permits were issued for the construction of a total of 12,885 residential units. Between 2019 and 2021, the total number of approved new residential units trended lower each year, reaching a five-year low of 7,578 units in 2021 before rebounding strongly by 26.67% to 9,599 new units in 2022.

PROPERTY PRICES & TRANSACTIONS

In nominal terms, the CBM Property Prices Index - which is based on the advertised sale prices of apartments, maisonettes, terraced houses, and other types of dwellings - reached an all-time high of 172.01 points in 2023, representing a significant increase of 8.28% over the prior year (158.86 points). The sharpest year-on-year percentage increase took place in the prices of 'other property' comprising town houses, houses of character and villas, which saw their advertised prices increase by an aggregate 10.57% in 2023. The advertised prices of apartments and maisonettes also increased markedly in 2023 by 9.80% and 9.20% respectively, whilst the advertised prices of terraced houses contracted by a minimal 0.17%. In real terms, the CBM Property Prices Index increased by 8.86% in 2023 (the strongest uplift since 2018), thus erasing to prior year's decline of 2.45% to reach an inflation-adjusted record reading of 162.95 points.

The NSO Property Price Index - which is based on actual transactions involving apartments, maisonettes, and terraced houses – reached an all-time high of 151.08 points as at the end of Q2 2023 representing a year-on-year increase of 4.46% in nominal terms. During 2023, a total of 12,178 final deeds of sale were registered compared to 14,368 deeds in 2021 and 14,331 deeds in 2022. However, the total value of final deeds of sale dropped by only 2.35% in 2023 to €3.22 billion (or €3.05 billion in real terms) compared to the record of just under €3.30 billion (or €3.11 billion in real terms) registered in 2022. Furthermore, the average value per deed of sale reached an all-time high of €0.26 million (or €0.25 million in real terms) compared to €0.22 million in 2021 and €0.23 million in 2022.

INCOME STATEMENT

Total revenues increased by 7.66% (or +€1.80 million) in FY2021 to €25.26 million as all three business lines of the Group reported growth. 'Manufacturing and general contracting services' contributed the lion's share of the increase in business as income from this segment rose by 6.18% (or +€1.12 million) to €19.32 million reflecting higher level of activity in a number of major projects. In parallel, income from property sales surged by 19.50% (or +€0.61 million) to €3.75 million whilst rental income increased by 2.91% to €2.19 million.

Despite the increase in net operating costs to €19.15 million, EBITDA still rose considerably to €6.11 million which translated into a margin of 24.18% and contributed to a rebound in the interest cover to 2.60 times. Similarly, operating profit increased by nearly 30% to €4.80 million and translated into a margin of just under 19% and a return on invested capital of 4.71%.

After accounting for a marginal share of profit from joint ventures, a loss of €0.44 million emanating from the derecognition of a lease, and net finance costs of €2.35 million, HMVG reported a profit before tax of €2.01 million. The tax charge for the year amounted to €0.82 million, thus leading to a net profit of €1.19 million. This translated into a margin of 4.71% and a return on equity and on assets of 2.49% and 0.97% respectively.

In FY2022, revenues dropped by 5.60% to €23.85 million amid lower level of property sales (-15.65% to €3.16 million) and manufacturing activity (-5.72% to €18.22 million). In contrast, rental income rose considerably to €2.47 million (+12.75%) reflecting the termination of the concessions provided to tenants during the COVID-19 pandemic. Furthermore, the rental income in FY2022 included a twelve-month contribution from the lease of the office building located in Old Bakery Street, Valletta, compared to just five months in FY2021.

Despite the year-on-year reduction in revenues, the Group's gross profit increased to €8.29 million (FY2021: €8.24 million) reflecting efficiency gains in the 'manufacturing and general contracting services' segment which filtered into lower cost of sales (-8.61% to €15.56 million). As a result, the gross profit margin trended higher to 34.76% compared to 32.61% in FY2021. On the other hand, the Issuer incurred a higher level of other operating expenses (net of other operating income) which amounted to €2.57 million compared to €2.13 million in the prior year. Thus, EBITDA dropped by 6.33% to €5.72 million albeit the relative margin remained virtually unchanged at 24%.

The depreciation charge stood at €1.27 million compared to €1.31 million in FY2021, thus leading to an operating profit of €4.45 million which, in turn, translated into a margin of 18.67% and a return on invested capital of 4.29%. Meanwhile, the interest cover trended lower to 2.42 times as net finance costs edged marginally higher to €2.37 million.

The financial performance of the Group was boosted by a €1.52 million gain in the fair value of investment property. As a result, the profit before tax surged to €3.59 million whilst the net profit for the year amounted to €1.68 million. The latter translated into a return on equity of 3.40% and a return on assets of 1.35%.

Total revenues increased by 5.19% in **FY2023** to €25.08 million. Income from 'manufacturing and general contracting services' grew by 6.71% to €19.44 million – representing 77.49% of the Group's total revenues. On the other hand, income from 'property development and letting' remained stable year-on-year and in aggregate amounted to €5.65 million.

Despite the increase in revenues, cost of sales edged higher by just 0.63% to €15.66 million, thus resulting in an upsurge of 13.74% in the gross profit to €9.43 million whilst the relative margin rose by almost 300 basis points to 37.59%. In contrast, net other operating costs increased substantially year-on-year to €3.64 million largely due to an increase in indirect wages to €2.34 million compared to €1.58 million in the prior year. Accordingly, EBITDA only edged higher by 1.08% to €5.78 million whilst the EBITDA margin retracted to 23.06%. Furthermore, given the higher level of net finance costs of €2.61 million, the interest cover eased to 2.21 times.

Depreciation charges increased by 11.02% to €1.41 million as during the year the Group implemented a new and comprehensive Enterprise Resource Planning system ('SAP Business ByDesign') with a view of further consolidating its market positioning and improve operational efficiencies. Furthermore, the Group continued to invest considerably in its machinery and equipment related to its core manufacturing activities. As a result, operating profit contracted by 1.75% to €4.37 million which, in turn, translated into a margin of 17.44% and a return on invested capital of 4.15%.

Meanwhile, the Group's financial performance was positively impacted by a €0.39 million uplift in the fair value of investment property, as well as by a one-off dividend income of €1.31 million received from an associate company. After accounting for a tax charge of €2.18 million, the net profit for the year amounted to €1.28 million which translated into a margin of 5.10% (FY2022: 7.05%). Moreover, the return on equity and on assets also drifted lower to 2.51% and 1% respectively.

For FY2024, HMVG is forecasting a strong increase of 12.55% in revenues to €28.23 million, mostly driven by the anticipated growth of almost 12% in income from 'manufacturing and general contracting activities' to €21.71 million which also includes the first impact from the completion of the Ħal Far Extension project. Furthermore, the Group also foresees double-digit growth of 15.52% in income from 'property development and letting' activities to €6.52 million. The latter includes the sale of two villas in Kappara and six residential units forming part of development projects in Mgarr.

Cost of sales are expected to amount to €17.91 million (+14.37%), thus leading to a gross profit of €10.33 million (+9.52%) translating into a margin of 36.58%. EBITDA is also anticipated to rise notably to €7.16 million (+23.79%), boosted by the increase in other operating income to €1.11 million representing the expected gains to be registered from the sale of the Mavina Holiday Complex and a villa in Madliena.

After accounting for depreciation (€1.58 million), net finance costs (€2.78 million), and taxation (€0.19 million), the Issuer is forecasting a profit after tax of €2.61 million for the 2024 financial year. This would translate into a margin of 9.25% and a return on equity and on assets of 4.94% and 2.02% respectively.

For FY2025, total revenues are expected to climb by 8.77% to €30.71 million, driven by the Group's core manufacturing operations (+11.90% to €24.29 million) amid a full year impact of the new Ħal Far plant. On the other hand, it is expected that the 'property development and letting' segment will register a marginal decline in income (-1.66% to €6.41 million) reflecting a slightly lower amount of expected property sales when compared to the previous year.

Cost of sales are expected to amount to €19.73 million (+10.21%), thus leading to a gross profit of €10.97 million (+6.28%) translating into a margin of 35.74%. On the other hand, EBITDA is anticipated to contract by 9.76% to €6.46 million which would translate into a margin of 21.04% compared to the estimated level of 25.36% in FY2024. The projected year-on-year decline in EBITDA is mostly due to the non-recurrence of the upsurge in other operating income expected to be generated in FY2024. Nonetheless, the Group's interest cover is still anticipated to trend higher to 2.64 times from 2.58 times in FY2024 on the back of the projected drop of 11.75% in net finance costs to €2.45 million.

After accounting for depreciation charges of €1.56 million, the estimated operating profit of €4.90 million would translate into a margin of 15.95% (FY2024: 19.76%) and a return on invested capital of 4.88% (FY2024: 5.42%).

Overall, HMVG is projecting a net profit of €1.18 million after taking into account tax charges of €1.27 million. The profit for the year would translate into a margin of 3.86% and a return on equity and on assets of 2.16% and 0.93% respectively.

STATEMENT OF CASH FLOWS

In FY2021, net cash from operating activities amounted to €2.56 million – a decrease of €3.82 million from FY2020 - on account of adverse movements in working capital. On the other hand, net cash used in investing activities dropped to €1.57 million as the Group continued with the works on the Hal Far Extension project and completed the renovation of the office premises situated in Old Bakery Street, Valletta.

Cash outflows relating to financing activities amounted to €2.61 million and principally consisted of interest payments (€1.94 million), lease obligations (€0.36 million), and net movements in borrowings (€0.31 million). Accordingly, the Group recorded a negative movement of €1.62 million in cash and cash equivalents and ended the 2021 financial year with a marginally negative cash balance of €0.03 million.

In FY2022, net cash from operating activities increased substantially to €6.65 million largely on account of favourable movements in working capital. Conversely, the Group used higher amounts of cash for its investing (€3.58 million) and financing activities (€4.32 million), reflecting increased levels of outflows towards the purchase of PPE and investment property, as well as repayments of bank borrowings. Consequently, HMVG recorded an adverse movement of €1.25 million in its cash balances, thus ending the year with a negative position of €1.28 million.

Net cash generated from operating activities contracted by €2.03 million in FY2023 to €4.63 million mostly on account of an adverse movement in working capital of €0.78 million compared to the positive change of €2.03 million recorded in the previous year. In contrast, the amount of net cash used in investing activities dropped by €0.72 million to €2.87 million as during the year the Group received a one-off dividend income of €1.31 million from an associate company. On the other hand, the amount of cash used for the acquisition of PPE and investment property increased by 10.44% to €4.18 million compared to €3.78 million in FY2022.

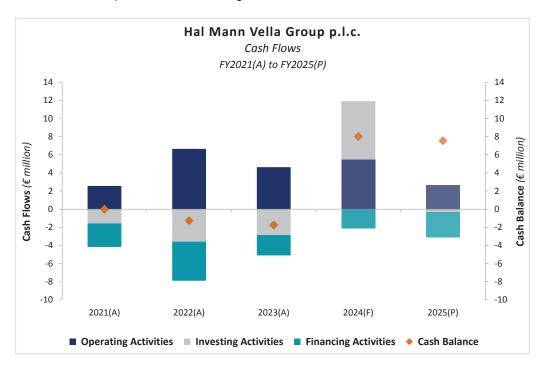

In terms of financing activities, during FY2023, the Group used €2.24 million mainly for the payment of interest. As a result, given the adverse movement of €0.48 million in cash and cash equivalents, HMVG ended the year with a higher negative cash balance of €1.76 million.

The Group is anticipating considerable improvement to its cash position in FY2024 mostly due to the forecasted cash inflow of €6.41 million from its investing activities. In this regard, the anticipated outflow of €3 million for the purchase of PPE is forecasted to be materially outweighed by the estimated cash inflow of €9.41 million from the sale of the Mavina Holiday Complex and a villa situated in Madliena.

Meanwhile, the Group is also expecting favourable year-on-year movements in cash flows relating to operating (+€0.87 million to €5.50 million) and financing activities (-€0.11 million to €2.13 million), thus resulting in an overall net positive movement in cash and cash equivalents of €9.77 million.

The Group's cash and cash equivalents are projected to decrease by €0.48 million in FY2025. The amount of net cash to be generated from operating activities is expected to drop by €2.84 million yearon-year to €2.65 million reflecting adverse movements in working capital.

Cash outflows relating to investing and financing activities are estimated to amount to €0.35 million and €2.79 million respectively. Accordingly, HMVG is projecting to close the year with a positive cash balance of €7.54 million compared to the estimated figure of €8.02 million as at the end of FY2024.

STATEMENT OF FINANCIAL POSITION

Total assets as at 31 December 2021 stood at €123.75 million, largely comprising investment property (€50.17 million), PPE (€33.13 million), trade and other receivables (€15.99 million), inventories and property held-for-sale (€10.66 million), as well as right-of-use assets (€7.73 million). The latter reflect the present value of the Group's lease contracts for properties and other assets used in its operations.

The Group's equity base stood at €48.51 million whilst total liabilities amounted to €75.24 million. The largest liability component was debt (€56.64 million) comprising bonds (€29.79 million), bank borrowings (€12.95 million), lease liabilities (€8.29 million) and other financial liabilities (€5.61 million). The latter mainly consist of amounts due to related companies and shareholders' loans.

During FY2022, total assets increased by 0.66% to €124.57 million as the increase in the value of investment properties (+€3.36 million to €53.54 million) and PPE (+€1.06 million to €34.20 million) marginally offset the drop in property held-for-sale (-€1.56 million to €4.75 million) and cash balances (-€1.25 million to €0.57 million).

Total liabilities contracted by 1.31% to €74.26 million reflecting the 3.37% reduction in total debt to €54.74 million. Nonetheless, in view of the drop in EBITDA, the net debt-to-EBITDA multiple deteriorated to 9.45 times from 8.96 times in FY2021. Conversely, the net debt-to-equity ratio eased to 1.07 times compared to 1.13 times as at the end of FY2021. Likewise, the net gearing ratio and the debt-to-assets ratio trended lower to 51.80% (31 December 2021: 53.01%) and 0.44 times (31 December 2021: 0.46 times) respectively.

The Group's asset base expanded by 5.07% (or +€6.31 million) in FY2023 to €130.88 million mostly due to the increase in the value of PPE (+€2.91 million to €37.11 million) and trade and other receivables (+€1.67 million to €17.84 million).

Similarly, total liabilities increased by 6.78% (or +€5.04 million) to €79.29 million. During the year, the Group added €1.22 million in total debt to €55.96 million reflecting the increase of €2.44 million in bank borrowings to €13.19 million (31 December 2022: €10.74 million) which outweighed the drop of €1.23 million in other financial liabilities to €4.61 million (31 December 2022: €5.84 million). Nonetheless, as total equity trended higher to €51.59 million (31 December 2022: €50.31 million), the net debt-to-equity ratio and net gearing ratio eased slightly to 1.06 times and 51.49% respectively. On the other hand, the net debt-to-EBITDA multiple and the debt-to-assets ratio remained virtually unchanged year-on-year at 9.47 times and 0.43 times respectively.

The major changes in the composition of the Group's financial position over the forecast period covering FY2024 and FY2025 are expected to be as follows:

- A reduction in the value of investment property to €45.75 million (-€8.30 million) principally reflecting the sale of the Mavina Holiday Complex and a villa situated in Madliena in FY2024.
- (5) The increase in the Group's cash position - as highlighted in the analysis appertaining to the Statement of Cash Flows.
- The continued strengthening of the Issuer's equity base, reflecting the accumulated projected (6) profits to be registered in FY2024 (€2.61 million) and FY2025 (€1.18 million).
- (7)A reduction of €7.80 million in total liabilities to €71.50 million by the end of FY2025 reflecting the estimated drop in debt (-€2.21 million to €53.74 million) and other liabilities (-€5.58 million to €17.75 million).

Principally as a result of the factors mentioned above, the Group is anticipating a marked improvement in most of its credit metrics over the forecast period, with the net debt-to-EBITDA multiple and the net gearing ratio approaching close to 7 times and 45% respectively. Similarly, the net debt-to-equity ratio and the leverage ratio are expected to trend lower year-on-year and reach 0.82 times and 2.29 times respectively by the end of FY2025. On the other hand, the debt-to-assets ratio is projected to remain stable at 0.42 times whilst the current ratio is expected to revert to historical levels in view of the proposed bond issue which proceeds are intended to refinance the existing 5.00% secured bonds maturing on 6 November 2024.

The following is an analysis of the major variances between the forecast financial information for the year ended 31 December 2023 included in the Analysis dated 21 June 2023, and the audited consolidated annual financial statements for the year ended 31 December 2023.

Although HMVG generated a marginally lower level of revenues of €25.08 million in FY2023 compared to the forecasted figure of €26.06 million, EBITDA (1) exceeded forecasts by 11.90% (or +€0.62 million). This was mainly due to the better-than-expected margins achieved by the Group's 'manufacturing and general contracting services' segment reflecting both the favourable impact of product/service mix as well as the creation of internal operational efficiencies. As a result, the Group's EBITDA margin for the year stood at 23.06% compared to the targeted level of 19.84%.

The issuer also exceeded its forecasted operating profit *(2)* (+€0.45 million) and pre-tax profit *(5)* (+€1.95 million) despite the slight adverse variances in depreciation charges and net finance costs as these were outweighed by a €0.39 million positive movement in the fair value of investment property (3) and a one-off dividend income of €1.31 million *(4)* which were not previously anticipated. On the other hand, HMVG registered a tax charge of €2.18 million *(6)* compared to the estimated tax income of €0.05 million, thus resulting in a lower net profit for the year of €1.28 million *(7)*.

Statement of Cash Flows			
for the financial year 31 December	2023	2023	
	Actual	Forecast	
	€′000	€′000	
Net cash from operating activities	4,627	7,320	(1,
Net cash used in investing activities	(2,867)	(3,477)	(2
Free cash flow	1,760	3,843	
Net cash used in financing activities	(2,240)	(1,016)	(3

Cash and cash equivalents at beginning of year	(1,278)	(1,278)	
Cash and cash equivalents at end of year	(1,758)	1,549	(5,

The Issuer registered a negative movement in cash and cash equivalents of $\[\in \]$ 0.48 million compared to the estimated positive figure of $\[\in \]$ 2.83 million (4). Although net cash used in investing activities were lower than anticipated by $\[\in \]$ 0.61 million (2), the Group's cash flows were adversely impacted by a lower level of net cash generated from operating activities (1) ($\[\in \]$ 2.69 million) and a higher amount of net cash used in financing activities (3) ($\[\in \]$ 1.22 million). As a result, HMVG ended the 2023 financial year with a negative cash balance of $\[\in \]$ 1.76 million (when excluding the bank overdraft balance of $\[\in \]$ 2.86 million) compared to the positive forecasted figure of $\[\in \]$ 1.55 million (5).

Meanwhile, the material variances between the actual and forecast Statement of Financial Position as at 31 December 2023 were as follows:

- (a) Within total assets (5) (+€3.08 million), the higher-than-estimated balances of property-held-for-sale (2) (+€2 million) and trade and other receivables (3) (+€4.44 million) outweighed the lower level of deferred taxation (1) (-€1.98 million) and cash balances (4) (-€1.82 million). As a result, the Group's asset base stood at €130.88 million compared to the forecasted figure of €127.80 million.
- (b) Total liabilities exceeded forecasts by €3.31 million (7), largely reflecting the higher level of trade and other payables (including tax liabilities) as these amounted to €23.33 million compared to the estimated figure of €20.88 million (6).
